

Application for grants from Stiftelsen Psoriasisfonden or Stiftelsen Gösta A Karlssons 60 års fond

Important information about the application process

1. It's not possible to apply for grants for the same projects from both foundations. A research group/team can, however, apply for grants from both foundations if they are for two separate projects.

Gösta A Karlssons 60 års fond preferably admits applications for start up-/early phase projects. Psoriasisfonden admits applications for projects in all phases.

2. Main applicant must have successfully defended her/his doctoral thesis.

3. Applications can be submitted in either Swedish or English. However, it is an absolute requirement that the project abstract ("Sammanfattning") is written in Swedish. We appreciate an effort to keep the abstract brief, clear and easy for the scientific committee as well as external reviewers to review, including the laypersons included there.

4. Please note that the application form has been revised from the year 2020 and that it is this version that must be used. Application forms from previous years will not be admitted for review.

5. Cost specification must be enclosed all applications (please use assigned template). This does not supplant the complete project budget or the short cost overview in the main application form. Applications for continued funding shall include a progress report (please use assigned template).

Required application materials

- Application form/s for 2020
- Complete research program
- Complete project budget
- Cost specification (template)
- Curriculum Vitae for main applicant and key team members

- List of publications
- Progress report (applications for continued funding, template)

Application materials, if applicable

- Ethical comments or review/approval by ethics committee
- Information on patient inclusion ("brukarmedverkan")

Instructions

1. Download the application forms and templates; please observe that there are separate documents for the two separate foundations. Make sure to save the application materials with the foundation name included in the document name (see below).
2. Contact Barbra Bohannan, coordinator policy, advocacy and research, at Psoriasisförbundet on barbra.bohannan@pso.se and apply for a Dropbox-folder for your application material.
3. Within short you will be allocated your own secure Dropbox-folder where you and your team can upload the application materials. Please ensure that all documents are clearly named and numbered. The PDF-templates can be filled out digitally and should be saved using the format:
[Foundation name]_Given name_Family name_Year.
Attachments should be saved using the same format, with the attachment number added.
4. The application materials must be available in their entirety by the latest **23:59 on June 15** to be applicable for this year's review.
5. Please note that application by email is not permitted as they contain personal data.

Should you have any questions, please contact Barbra Bohannan or the secretariat of Psoriasisförbundet at info@pso.se. Information about the foundations can be found on Psoriasisförbundet's website. The applications will be reviewed by the foundations' boards in September. Grants must be requested at the **latest December 1**.
